SUMMARY

Detail-oriented and enthusiastic Software Developer with a strong foundation in full-stack development, object-oriented programming, and modern web technologies. Proficient in Java, JavaScript, HTML and CSS. Adept at building responsive, scalable web applications and RESTful APIs. Passionate about problem-solving, clean code, and continuous learning. Proven ability to collaborate in agile environments and deliver high-quality software solutions.

EDUCATION

- Bachelor of Technology in Computer Science and Information Technology
 - Reva University
 - Relevant Coursework: Nov 2022 - Jun 2026
 - Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Cloud Computing Technologies, Web Development, Software Engineering Principles, Computer Networks, Operating System
-

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript.
 - Backend: Java, Python, C.
 - Database: MYSQL , PHP.
-

CERTIFICATES

- **Advance Data-Structures and Algorithms in Java : Infosys|SpringBoard,**
Become proficient in Data-Structure with Infosys certification.
- **Full-Stack Development (React.js):Indian Tech-Keys**
Completed a comprehensive full-stack development course with a focus on React.js, Gained hands-on experience in building dynamic web applications and integrating APIs.
- **Introduction to Cyber-Security: Cisco Networking Academy,**
Completed an introductory course on Cybersecurity through Cisco Networking Academy. Learned foundational concepts including threats, attacks, cryptography, and network security

Projects

- **Weather-App**

Developed a Weather App using Java in Android Studio that fetches real-time weather data using a public API. Implemented features like location-based updates, temperature, humidity, and weather condition display with a user-friendly UI.
